SISU - VIM, RALPH AMISSAH	1
SISU VIM	2

1. SiSU Vim

Synopsis

SiSU has syntax highlighting for a number of editors including vim which are documented under:

`man sisu_syntax_highlighting`

`/usr/share/doc/sisu/sisu_manual/sisu_syntax_highlighting/index.html`

`<http://sisudoc.org/sisu_manual/sisu_syntax_highlighting/index.html>`

`<http://www.jus.uio.no/sisu/sisu_manual/sisu_syntax_highlighting/index.html>`

SiSU also provides an ftplugin to provide vim folds for **SiSU** markup, and to set some defaults for **SiSU** markup in installed by sisu.

Vim 7 includes sisu markup syntax highlighting.

Vim related files are included in: `/usr/share/sisu/conf/editor-syntax-etc/vim` (including the syntax highlighter which may be used for earlier versions of Vim).

sisu-vim actions are activated on files with the suffix `.sst .ssm .ssi .-sst .-sst` (and the same with a further `.meta` extension)

`<ctrl>F` activate folds on headings matched in a document
(also provides folds when sourced on a ruby program file),
also `:F`
`<ctrl>S` search and replace down
`<ctrl>G` search and replace globally within file
`<ctrl>X` ruby regex global search and replace within file
`<ctrl>C` set color scheme to slate which is provided

FURTHER INFORMATION

For more information on **SiSU** see:

`<http://www.jus.uio.no/sisu/>`

or `man sisu`
